DSS-4037EL (Rev. 9/89)

Transmittal No: 92 LCM-118

Date: August 6, 1992

Division: Family and Children
Services

TO: Local District Commissioners

SUBJECT: Out-of-State Committee on Special Education Rates for Fiscal
Year 1992/93

ATTACHMENTS: None

The purpose of this letter is to advise you of a correction in 92 LCM-102 concerning FY 1992/93 rates for out-of-state schools.

We stated in that letter that out-of state school rates would be "limited to the lower of either the Department's approved 1991/92 rate or the state's approved 1992/93 rate." Upon further consideration, the Department has agreed to accept all 1992/93 Committee on Special Education rates established by out-of-state rate setting authorities effective July 1, 1992 as the approved Department rates. This continues the common practice of acceptance of program rates established by authorized rate setting authorities in other states that had been in effect until last year.

If you have any questions regarding this letter, please contact Joseph Della Rocca (USERID 0fq060), Bureau of Resource Management at 1-800-342-3715, extension 3-1496 or (518) 473-1496.

Joseph Semidei
Deputy Commissioner
Division of Family and Children
Services
