ATTESTATION OF USE OF FAMILY FIRST TRANSITION FUNDS

Instruction:

This form must be completed to receive Family First Transition Funds. Please complete and return to FamilyFirstNY@ocfs.ny.gov by **June 15, 2019**. Such funds will not be used to supplant any other state or local funds. Claims for reimbursement under this appropriation will not be submitted for the same type and level of funding covered by any other state or locally authorized appropriation.

Section I

This is to certify that the Broome County Department of Social Services (insert LDSS name) plans to use the allocation of these funds authorized in the amount of \$ 49,326 toward one of the purposes listed below. This plan is subject to change based on individualized technical assistance and strategy selection. How the funds were used will be documented in the *Family First Transition Fund Progress Report* (Attachment C). Outcomes resulting from such expenditures will be documented in the *Family First Transition Fund Outcomes Report* (Attachment D).

Plan for use of funds: (Check all that apply.)

- Additional/enhanced targeted technical support
- Family search and engagement
- Enhancing support for foster parents
- Supporting kinship foster parents in meeting approval/certification requirements
- Improving recruitment and retention of foster families, including kinship caregivers
- Establishing administrative review teams to review proposed placements in non-kinship and congregate care settings
- Other (describe) The Broome County Department of Social Services is committed to making our workforce more mobile and providing them with the latest technology while they are in the field. This technology has the potential to save caseworkers time and help make them be more efficient and organized, giving them more time to truly engage with relatives and have in-depth conversations with clients regarding options for placement, including kinship foster care. We are considering using some of this allocation to provide caseworkers with tablets that have wi-fi connections so that that they make better use of their time and be more productive in the field.

Section II

The LDSS agrees to participate in OCFS administered centralized technical assistance, and may receive additional technical assistance which may include one or more of the following:

- OCFS administered LDSS-specific technical assistance to assist with data analysis
- Consultant administered strategy development, system improvements and monitoring progress toward target goals

The LDSS has already received technical assistance toward the goal of reducing children in congregate care and increasing children in kinship foster care settings:

Yes No

If yes, describe:

The Broome County Department of Social Services has been awarded a two-year grant by the Redlich Horwitz Foundation to reduce the use of congregate care and increase kinship foster care. That grant was finalized in March of 2019. The work is in the initial phases, with strategies being discussed to achieve the desired results.

Section III

Instruction:

OCFS has set statewide target goals for the percentage of children in foster care living in congregate care and kinship foster care, to be achieved by September 30, 2021, as follows: **12% congregate care placements and 30% kinship foster care placements**. To assist the state in meeting these targets, the LDSS must identify target goals to reduce congregate care and increase kinship foster care to be achieved by September 30, 2021. Progress toward these goals, as of September 30, 2020, will be documented in the *Family First Transition Fund Outcomes Report* due November 1, 2020.

Utilizing the data provided on the next page, fill in the placement percentages as of December 31, 2018. Establish and fill in target goals¹ which may also be identified in the 3-year Retention and Recruitment Plan:

1. Reduce congregate care from 22 %(on December 31, 2018) to 12 % by September 30, 2021
2. Increase kinship² foster care from 4 %(on December 31, 2018) to 30 % by September 30, 2021

Describe below how the LDSS will engage kinship resources with direct custody orders (1017) to consider becoming certified or approved foster parents

We will be reviewing our caseloads to identify any direct custody placements and will offer those kin the option of becoming relative kinship foster parents if appropriate. We realize that direct custody orders often do not result in permanency for children and it is not in their best interest. We are working with our voluntary agencies that certify our foster homes on providing emergency certification of kin and becoming more in tune with the special needs of relative foster parents. We are seeing that without support many direct custody placements disrupt. We plan on breaking down the barriers that currently exist in order for kinship foster care to be considered the norm.

Section IV

Name and title of person completing the form: <u>Barbara Ravas</u>	Date: <u>6 / 13 / 2019</u>
Deputy Commissioner of Services	
Name of commissioner: <u>Nancy J. Williams</u>	Date: <u>06 / 14 / 2019</u>
