Yes No

If yes, describe:

We are currently receiving technical assistance from Child Focus through the Redlich Horwitz Foundation with the goal of increasing the number and percentage of certified kinship care caregivers, Increasing the number and percentage of children who experience permanency with kin through adoption and kin-GAP, and increasing the capacity of staff to search for, engage, and provide ongoing support to relatives.

Section III

Instruction:

OCFS has set statewide target goals for the percentage of children in foster care living in congregate care and kinship foster care, to be achieved by September 30, 2021, as follows: **12% congregate care placements and 30% kinship**

foster care placements. To assist the state in meeting these targets, the LDSS must identify target goals to reduce congregate care and increase kinship foster care to be achieved by September 30, 2021. Progress toward these goals, as of September 30, 2020, will be documented in the *Family First Transition Fund Outcomes Report* due November 1, 2020.

Utilizing the data provided on the next page, fill in the placement percentages as of December 31, 2018. Establish and fill in target goals¹ which may also be identified in the 3-year Retention and Recruitment Plan:

1. Reduce congregate care from 15 % (on December 31, 2018) to 12 % by September 30, 2021
2. Increase kinship² foster care from 20 % (on December 31, 2018) to 30 % by September 30, 2021

Describe below how the LDSS will engage kinship resources with direct custody orders (1017) to consider becoming certified or approved foster parents

For existing 1017 cases, OCDSS will discuss the option of becoming certified foster parents. For new cases, OCDSS will utilize technical assistance to improve the process of identifying and engaging relative resources and internet searches to locate and engage relatives.
